This index has been compiled using standardized common names following the 1998 American Ornithologists' Union Checklist of North American Birds (including the 42nd, 43rd and 44th Supplements to the Check-list, as published in *The Auk* 117:847-858 (2000); 119:897-906 (2002); 120:923-932 (2003). Where changes in common names have been introduced after the publication of certain volumes of the Mississippi Kite, the species are cross-referenced. This is an index to bird species and authors included in volumes 21-30 of the Mississippi Kite. Species groups that are often referred to by a common or Genus name (e.g., *Accipiter*, *Empidonax*, dowitcher sp.) are also included.

THE MISSISSIPPI KITE

Application for membership in the Mississippi Ornithological Society may be made to the treasurer. The Mississippi Kite is sent to all members not in arrears for dues. Send change of address, requests for back issues, and claims for undelivered or defective copies to the treasurer.

Information for Authors

The Mississippi Kite publishes original articles that advance the study of birdlife in the state of Mississippi. Submission of articles describing species occurrence and distribution, descriptions of behaviors, notes on the identification of Mississippi birds, as well as scientific studies from all fields of ornithology are encouraged. All manuscripts, in both a hard copy and digital copy format, should be submitted to the editor.

COPY – Manuscripts should be *typed, double-spaced* throughout, on high quality paper. Scientific names should be *italicized*. Manuscripts should be prepared using 12 pt. Times New Roman font. If possible, please submit computer files in Microsoft Word although WordPerfect formats will be accepted. Handwritten manuscripts will also be accepted but please contact the editor prior to submission.

STYLE – For questions of style consult previous issues of *The Mississippi Kite*. Manuscripts should include a title page (including names and addresses of all authors), text (beginning on page 2), literature cited (if applicable), tables, figure legends (on a separate page), and figures. Number all pages (in the upper right-hand corner) through the tables. Avoid footnotes.

LITERATURE CITED – List all references cited in the text alphabetically by the author's last name in the Literature Cited section. Citations should conform to the style of a recent issue of *The Mississippi Kite*.

NOMENCLATURE - Common names of bird species should be capitalized. Provide the scientific name (*italicized*) at the first mention of each species. Nomenclature should follow the American Ornithologists' Union Checklist of North American Birds, 7th edition (1998) and the 42nd (2000) and 43rd (2002) supplements.

TABLES – Tables should be formatted with the size of *The Mississippi Kite* in mind and should be interpretable without reference to the text.

FIGURES – Figures should be appropriate for photoreproduction without retouching.

THE MISSISSIPPI KITE

The Mississippi Kite is a biannual periodical published by the Mississippi Ornithological Society to record and further the study of Mississippi birdlife.
