This is a 10-year index to bird species and authors included in volumes 31-40 of *The Mississippi Kite* (2001-2010). Common names of species follow the AOU Check-list of North American Birds, 7th Edition, including the 42nd through 51st supplements to the Check-list, as published in *The Auk*, July 2000-July 2010. Where common names have changed during the period from 2001 through 2010, both names are included in the index and are cross-referenced. Species groups that are often referred to by a genus or common name (e.g., *Empidonax* sp., *Plegadis* sp., jaeger sp.) are also included in the index.
